

WebWork How to: Assign a homework set to different groups with different due days

by Fei Ye

- Click Instructor Tools on the left side of the windows.

- Under users choose a class in the Filter and change display settings, you will see all students listed in the box below.

- Select students and homework sets which you would like to assign to the selected students and click assign.

Filter: Display all possible records
Display section <blank>
Display section ALL
Display section MA 441 E234[43389]
Display section Spring Calculus I
